

USER STORY DOCUMENT of withU

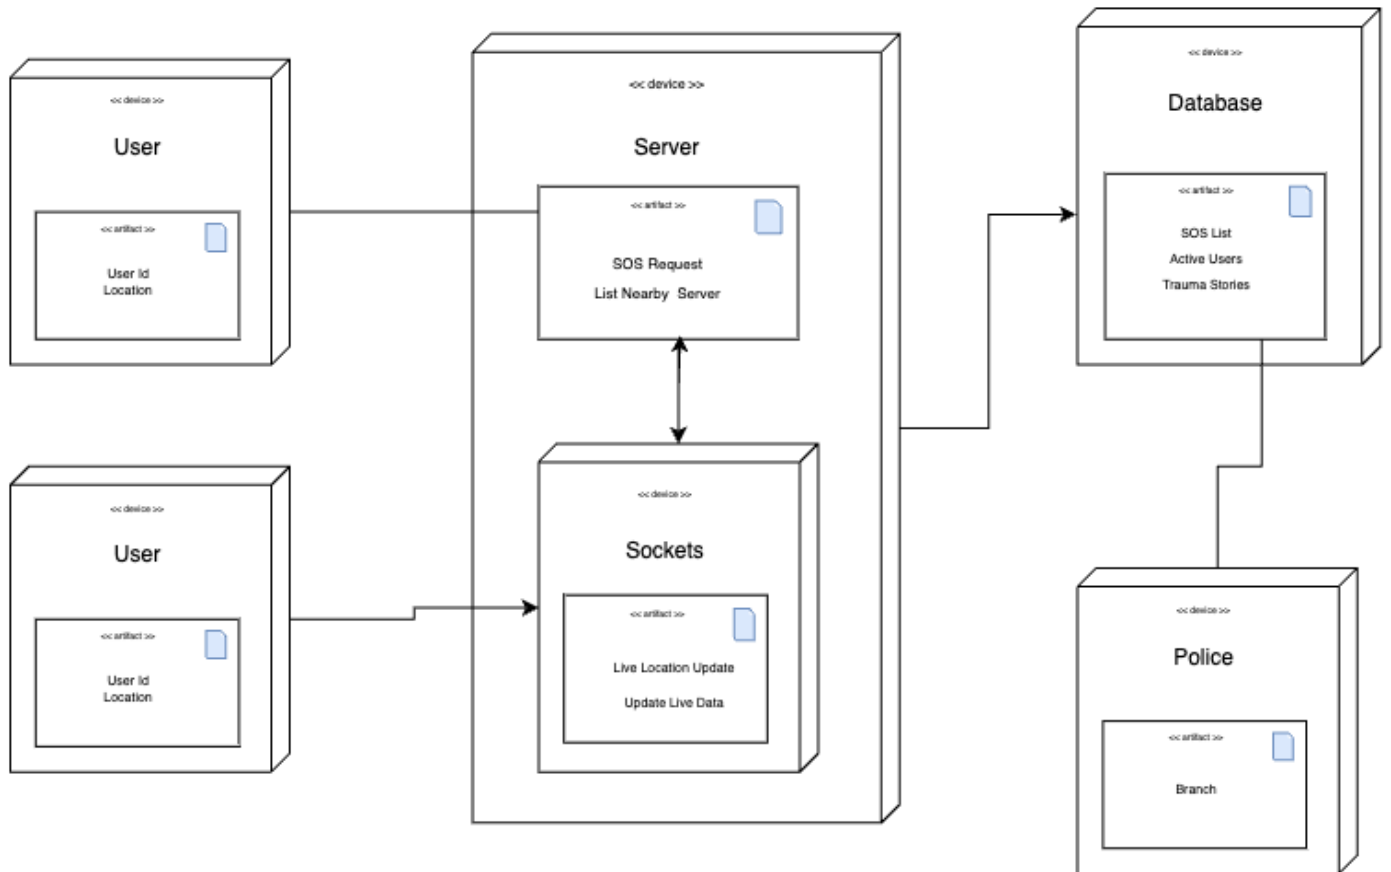

- 1) As a user, I want to be able to register on the app with Aadhaar verification, so that my account is secure and only accessible to me.
- 2) As a woman, I want to be able to categorize my SOS request as general, hospital, or police, so that the appropriate emergency services can be alerted quickly. In addition, I want the app to offer an emergency contact call feature, SMS alert to emergency contacts with location details, and play a siren for community alerts within a 3KM radius.
- 3) As a woman in distress, I want the app to constantly track my live location in case of an emergency, so that my emergency contacts can locate me easily.
- 4) As a woman, I want all my SOS requests to be listed in the app's alert tab with relevant details such as contact info, description of SOS, profile data, and accepted user details. Additionally, I want a chat session to be created for every SOS with Police, accepted users, and the person who created the SOS.
- 5) As a woman, I want the app to have a Chatbot that allows me to report harassment cases anonymously to the police.
- 6) As a woman, I want the SOS requests to be triggered by shaking the phone, so that I can easily send an SOS request in case of an emergency.
- 7) As a user, I want the police stations and hospitals to receive instant alerts for SOS requests. It should list SOS requests based on their category.
- 8) As a woman, I want the app to feature a map with the live location of active women police stations, and hospitals, so that I can easily locate them.
- 9) As a woman, I want the app to categorize danger-prone areas to provide me with information about potential risks.
- 10) As a concerned victim,, I want the app to have a platform to share harassment experiences and support other people in the community by means of counseling, legal support, and shelter.
- 11) As a woman, I want to be able to update my profile, such as changing my emergency contact and editing other details.
- 12)As a user I should get all of the SOS alerts in my vicinity with details and I should be able to either accept or reject the request.
- 13) As a concerned User, I would like to help other women in the community who are in immediate need of assistance.
- 14) As a User, if I am Accepting an SOS I want to communicate with other people who have already accepted the request.
